Description

NORDKAPP AVES C2 SAE 0W-30 is a fully synthetic low-viscosity engine oil for passenger car gasoline and diesel engines with and without turbo-charging and direct injection. Provides a safe layer of lubrication at high operating temperatures and protects from corrosion and loss of oil through oxidation or coking. The excellent cold start behavior ensures optimum lubrication safety during cold running. It is optimally coordinated for prolonged drain intervals.

NORDKAPP AVES C2 SAE 0W-30 is especially suitable for use in automobile gasoline and diesel engines with subsequent exhaust treatment systems (DPF), which require engine oils with ACEA C2 specification, according to the OEM manual.

Advantages

- Optimal protection for modern engines: Protects against wear, corrosion, and deposits.
- Enhanced fuel economy: Reduces fuel consumption and emissions.
- Excellent cold-start performance: Ensures quick and reliable starts in cold weather.
- Suitable for extended drain intervals: Allows for longer oil change intervals.
- Compatible with emission systems: Specifically designed for vehicles with DPF and other emission control systems.
